

Suggested Site Visit Locations/Route

Based on excerpts from **Proof Plan CM 7** below:

- Viewpoint **PVPs EDP 1** and **2**. Inspector can park within the new Bovis Development and walk along Burford Road (being careful).
- From the same parking spot, access the site itself to visit **Pink Star** (in front of Repeater House) and **Green Star** (on eastern boundary) locations (3rd Party location), shown on map right. Also worth visiting **PVPs EDP 3** and **4** on the edge of the Bovis scheme to see interrelationship with this site.
- Then drive blue route to **PVP EDP 12** and **LPA 12a** (red star), stopping to walk along the road between **PVP EDP 12** and Worsham Turn (3rd Party location).
- Then drive along purple route to **PVP EDP 11**. At **PVP EDP 11** walk south along the road until it dips into a corner (3rd Party location).
- Then drive along yellow route, stopping at **PVP EDP 13**, and visit driveway junction of Ringwood Barn Cottages just to the north (3rd Party location). Continue along yellow route stopping at **Orange Star** (3rd Party location), just west of Field Assarts.
- Route back to the site via the red route, passing **PVP EDP 7** and **LPA 7a** (blue star), which are also 3rd party locations. Whilst driving south between these locations, stop at field access points (3rd Party locations).
- If the Inspector would like to visit **PVP EDP 6**, it is best to park on the minor road before the river crossing and walk from there (Red diamond below right).
